shrinkage scale #121-0008-0

Shrinkage is the change in dimensions of any fabrics or garments after laundering or dry-cleaning.

Shrinkage scale template consists of a fine calibrated shrinkage template which is used to mark fabric with 254mm (10 inches) bench-marks for accurately determining change in fabrics or garments. After the fabric or garment is laundered, dry-cleaned or washed, the dimensional change can be read directly & accurately in percentage (%) change with the calibrated shrinkage scale. The shrinkage scale evaluates shrinkage up to 20% & stretch up to 10%. A sturdy handle helps mark on any type of fabric with ease.

Standard Package (including item 1 - 3):
1. AATCC Shrinkage Template 121-0476-0 Outsize: 380x380mm Inside: 254x254mm
